Hey this is Cory, just letting you know, I feel like they are giving me the runaround as far as getting paid, they just gave me a new number to call and there's no answer and mailbox is full. Called Chicago back and they said to send a text, hopefully I'll get a call back soon

Corey and I will pay you to stay home. \$1000 a week. But reach out to the Nebraska department of labor about not getting paid

Thanks, I'm going to give them a couple of hours to see if I get a call back and go from there
